

2-PART ANTI-GRAFFITI BARRIER

A permanent, 2 component, fluorinated coating for superior protection against graffiti. This product contains a fluorinated resin which inhibits graffiti penetration and aids in the removal.

ANTI GRAFFITI PROTECTANT

A single component, non-sacrificial, water based protectant for masonry surfaces, that dries to a clear, breathable finish. Inhibits graffiti and water intrusion for above grade applications.

SACRIFICIAL ANTI-GRAFFITI COATING

Protects masonry and painted surfaces from graffiti attacks. Dries to a clear finish that inhibits graffiti from penetrating onto the substrate. Use on concrete, stucco, block, pre-cast and painted surfaces.

GRAFFITI REMOVER

Safely removes graffiti from permanent graffiti barrier coatings. Removes marker, spray paint and ink. This is a water based remover that does not contain any NMP.

The beauty of natural stone can be quickly destroyed by using aggressive cleaners. Cleaning products that contain muriatic acid, hydrochloric acid or caustic are highly corrosive and can quickly damage the surface. Artisan Building Restoration Products do not contain any muriatic, hydrochloric or caustic.

Variables such as stone type, age and environmental exposure must be taken into consideration when determining a restoration method.

Protect that beauty and protect your investment with

ARTISAN[®] BUILDING RESTORATION PRODUCTS

Artisan Building Restoration Products are blended with the most effective ingredients, combining ease of use, safety and the environment. All Artisan products meet or exceed all V.O.C. regulations and do not contain any muriatic, hydrochloric, nitric or sulfuric acids that present chemical exposure and handling problems for the applicators and could potentially harm or degrade masonry.

ARTISAN[®] BUILDING RESTORATION PRODUCTS

NO PANE RESTORATION CLEANER

Restores masonry without etching glass

HEAVY DUTY RESTORATION CLEANER

Removes carbon & restores to original condition

HEAVY DUTY RESTORATION GEL

Restores masonry to original condition

SAFER LIMESTONE CLEANER

Restores limestone in one easy step

ARCHITECTURAL RESTORER

Water based cleaner for all surfaces

MARBLE RESTORER

Restores polished or honed marble

SAFER HEAVY DUTY RUST REMOVER

Removes deep seated rust from masonry

SAFER LIGHT DUTY RUST REMOVER

Safely removes surface rust

PENETRATING WATER REPELLENT

A water based, breathable repellent

EFFLORESCENCE REMOVER

Removes efflorescence from masonry

METAL RESTORER

Removes oxidation, rust & patina from metal

ORGANIC STAIN REMOVER FOR MASONRY

Removes stains caused by mold and mildew

SAFER MOLD STAIN REMOVER FOR WOOD

Removes stains caused by mold and mildew

2-PART BARRIER COATING

A permanent anti-graffiti coating

ANTI-GRAFFITI PROTECTANT

A permanent, single component protectant

SACRIFICIAL GRAFFITI COATING

A temporary anti-graffiti coating

GRAFFITI REMOVER

Removes graffiti from 2-part barrier coatings

ARTISAN[®] BUILDING RESTORATION PRODUCTS

NO PANE HEAVY DUTY RESTORATION CLEANER

A newly developed, hydrofluoric free building restoration cleaner that will not etch glass. No Pane safely restores concrete, flamed granite, block and other similar surfaces without pitting or etching.

EFFLORESCENCE REMOVER

A fast acting, muriatic free product that safely removes efflorescence from brick, pavers, concrete, stone and exposed aggregate. A powerful remover that is non-fuming and non-corrosive to the skin. Restores surface to like new.

SAFER LIMESTONE CLEANER

One step, heavy duty restorer for Limestone. Removes atmospheric stains and discolorations without etching, pitting or damaging the surface. This is a caustic free formula.

SAFER HEAVY DUTY RESTORATION CLEANER

Restores most masonry surfaces including brick, concrete, flamed granite, block and other similar surfaces. Removes carbon, atmospheric and pollution staining. This product does not contain muriatic, hydrochloric, bleach, caustic or solvents.

SAFER HEAVY DUTY RESTORATION GEL CLEANER

Restores most masonry surfaces including light colored brick, concrete, flamed granite, block and other similar surfaces. Slightly gelled product clings to surface easily and allows for longer dwell time when necessary. Removes carbon and atmospheric staining without the use of harsh acids.

ARCHITECTURAL RESTORER

Water based, biodegradable, heavy duty detergent that can be safely used on masonry and painted surfaces. Safe for interior and exterior applications. Does not contain any caustic, acids or phosphates.

PENETRATING WATER REPELLENT

A water based, breathable repellent that provides superior protection against water infiltration. Unprotected surfaces are susceptible to cracking, spalling and efflorescence. This product does not change the appearance of the surface and is non-film forming.

SAFER HEAVY DUTY MASONRY RUST REMOVER

Removes deep seated rust stains from masonry, brick, pavers, concrete and exposed aggregate. Does not contain hydrochloric acid. Designed for the most difficult to remove rust stains.

SAFER LIGHT DUTY MASONRY RUST REMOVER

Removes surface rust stains from masonry, brick, pavers, concrete and exposed aggregate. Does not contain hydrochloric or phosphoric acid. Restores surface to original condition.

MARBLE RESTORER

Water based, biodegradable formula that can be safely used on polished or honed marble, travertine and other similar surfaces. Safe for interior and exterior applications. Does not contain any caustic, acids or phosphates.

METAL RESTORER

A professional strength cleaner formulated to clean and restore unfinished metal surfaces. Removes rust, oxidation, tarnish, water stains and mineral deposits. Use on copper, brass, aluminum stainless, bronze and chrome.

SAFER MOLD & MILDEW STAIN REMOVER FOR WOOD

A ready to use, bleach free, water based product that removes stains caused by mold & mildew. Best on wood surfaces. Can also be used on precast, concrete, precast, block, brick, natural stone and other similar surfaces.

ORGANIC STAIN REMOVER FOR MASONRY

A safe, biodegradable product that when mixed with water produces a powerful cleaning solution that is effective in the removal of stains caused by mold and mildew.
