

ARTISAN® MAINTAIN

DESCRIPTION & USES

Artisan® MAINTAIN is a neutral pH, biodegradable, cleaner that can be safely used on all natural stone surfaces. Use MAINTAIN daily on counter tops, backsplashes, walls, floors, tables and other surfaces that are natural stone. MAINTAIN can also be used on hardwood floors, Formica®, Corian®, concrete, ceramic, fiberglass, plastic and other surfaces. Artisan MAINTAIN does not contain any bleach, abrasives, caustic, muriatic acid or petroleum distillates. Artisan MAINTAIN is earth friendly.

APPLICATION

Apply MAINTAIN directly onto the surface using a spray bottle or when damp mopping. Apply from the bottom up, on vertical surfaces. Wipe surface with a clean, dry microfiber cloth. For stubborn stains, use Artisan CLEAN. For added shine and protection, apply Artisan POLISH.

PROPERTIES

Appearance	Clear liquid
Odor	Citrus
Flash Point	N/A
pH	7.0
lbs/gallon	8.3 – 8.4

PACKAGED (trigger spray formula)

Artisan MAINTAIN is available in quarts (12/case), gallons (4/case), 5 gallon pails and 55 gallon drums.

DISPOSAL

Use completely or dispose of properly. Local requirements vary. Consult your local sanitation department or state designated environmental agency.

SAFETY

MAINTAIN is non-hazardous. Close container after each use. Wash hands with soap and water after each use. For specific information, please refer to the label and material safety data sheet. Keep out of reach of children. Do not mix with any other cleaners or chemicals.

FIRST AID: In case of eye contact, flush with water for 15 minutes. If irritation persists, get medical attention. In case of contact with skin, wash with soap and water.

IN CASE OF SPILL: Absorb with inert material and dispose of properly. **KEEP OUT OF REACH OF CHILDREN.** Refer to Material Safety Data Sheet available for further safety and handling information.

STORAGE AND SHELF LIFE

Store in a cool, dry room. The shelf life is 5 years in original, closed containers at room temperature. Protect from freezing.

WARRANTY

Chemique, Inc. warrants that this product is free from defects. Where permitted, Chemique makes no other warranties, express or implied, including without limitation the implied warranties of merchantability or fitness for particular purpose. The purchaser shall be responsible to make their own tests to determine compatibility and suitability for their particular purpose. Chemique's liability shall be limited to supplying enough product to re-clean, re-treat and/or re-seal the specific areas which defective product was applied.

Product Information

ARTISAN® CLEAN

DESCRIPTION & USES

Artisan® CLEAN is a powerful, neutral pH biodegradable, cleaner. Use CLEAN to remove dirt, grease, grime, soap scum and other contaminants from natural stone surfaces like: marble, granite, limestone, travertine and onyx. CLEAN can also be used on vinyl, wood, Formica®, Corian®, ceramic, fiberglass, plastic, stainless, copper, brass and aluminum. Artisan CLEAN does not contain any bleach, abrasives, caustic, muriatic acid or petroleum distillates. Artisan CLEAN is non-flammable and non-fuming.

APPLICATION

Apply CLEAN directly onto the surface. Apply from the bottom up, on vertical surfaces. Let CLEAN work for several minutes, lightly agitate if necessary and rinse. Wipe surface with a clean, dry cloth. For stubborn stains, repeat process. Rinse thoroughly. Artisan CLEAN can also be diluted for damp mopping or light cleaning. For added shine and protection, apply Artisan POLISH. For daily cleaning, use Artisan MAINTAIN.

PROPERTIES

Appearance	Orange liquid
Odor	Citrus
Flash Point	N/A
pH	7.0
lbs/gallon	8.0 – 8.4

PACKAGED (trigger spray formula)

Artisan CLEAN is available in quarts (12/case), gallons (4/case), 5 gallon pails and 55 gallon drums.

DISPOSAL

Use completely or dispose of properly. Local requirements vary. Consult your local sanitation department or state designated environmental agency.

SAFETY

ARTISAN® POLISH

DESCRIPTION

Artisan® POLISH is a safe, neutral pH, biodegradable product that imparts an invisible, shield on smooth or polished surfaces. POLISH leaves a smudge-proof shield which dirt cannot penetrate. It is resistant to finger marking, water spotting, dirt, hard water stains and fogging.

POLISH is long lasting, will not discolor any surface and does not build-up after multiple uses. Applying POLISH makes cleaning easier and can increase the time between cleanings.

USES

Excellent for: polished marble, granite, limestone, ceramic, porcelain, fiberglass, chrome, aluminum, stainless, mirrors, glass, plastics, appliances and many other smooth or polished surfaces. Not intended for use on floors.

PREPARATION

For best results, use appropriate Artisan® cleaner prior to applying POLISH. Only use on clean, dry surfaces.

APPLICATION

Apply POLISH to clean, dry surfaces. Spray uniformly onto surface. Spread evenly using a clean dry, lint free cloth. Turn towel to dry side and buff.

PROPERTIES

Appearance	Milky liquid
Odor	Mild
Flash Point	N/A
pH	7.0
lbs/gallon	8.3 - 8.4

DISPOSAL

Use completely or dispose of properly. Local requirements vary. Consult your local sanitation department or state designated environmental agency.

SAFETY

POLISH is non-hazardous. Close container after each use. Wash hands with soap and water after each use. **FIRST AID:** In case of eye contact, flush with water for 15 minutes. In case of contact with skin, wash with soap and water.

IN CASE OF SPILL: Absorb with inert material and dispose of properly. **KEEP OUT OF REACH OF CHILDREN.** Refer to Material Safety Data Sheet available for further safety and handling information.
